

WANT TO REMEMBER MORE?

Active Learning combines lots of methods together and is extremely effective at helping you to remember information faster and for longer.

Watching a GCSEPod video combines SEEING, LISTENING and DOING.

You can make your learning even more effective by combining these extra activities to get you THINKING and DOING as well!

GIVE IT A GO

Watch a gcsepod video and then try out one of these active tasks:

WRITE A MEMORY STORY

Write down all the keywords and dates and names in the GCSEPod you've watched.

Now, turn them into a very short story. For example:

Words to remember:
BIRD, 1925, HAZEL, GRANDFATHER

Short story: *I count 19 birds sitting in a tree. My friend Hazel arrives and counts them again and says "there are 25." But my grandfather says I am right!*

DRAW A SUMMARY POSTER

Draw one of the labelled diagrams you saw in the GCSEPod video.

Next to each label, write down everything you can remember about that thing.

CREATE A MNEMONIC

If you are really struggling to remember something, a mnemonic can help!

Want to remember the colours of the visible spectrum?

Red, Orange, Yellow, Green, Blue, Indigo, Violet

You might find it easier to remember...

Richard Of York Gave Battle In Vain

GCSEPod videos are perfect for reviewing your knowledge. They're short, fun and can be watched anywhere.
